

Kid Street Learning Center 2nd Graders Quilt Project

Help at-risk children at the Kid Street Learning Center create a beautiful quilt for their classroom!

Join our Kid Street children's quilting project even if you have never sewn a single stitch in your life! You'll be given instruction in color choice and combination, along with various aspects of quilting along with how to best work with the children in a safe, supportive, fun (often funny!) environment.

The Kid Street Learning Center is a non-profit public charter school serving the highest risk grade school-aged children in Sonoma County.

Together we will teach these very vulnerable children how to design and sew their new classroom quilt. This kid-made quilt will be for their comfort corner, and will soothe and encourage them every day with its softness and beautiful colors.

Dates & Times

Five consecutive Wednesdays
January 16-February 13; 1:00-3:00 p.m.

Locations

The January 16 session will be held at the Journey Center and the remaining sessions at the Kid Street Learning Center.
